

**The Black Tie, No Tails Event**  
**of the 2008 SCA National Specialty**  
**Wednesday Evening, March 19, 2008**

Dogs will be evaluated by three different judges chosen from any of the following categories: (a) AKC licensed judge (not necessarily licensed for Schipperkes); (b) Schipperke Breeder-Judge; (c) Schipperke Breeder with 10+ years experience; (d) Schipperke Handler with 5+ years experience. The Judging panel will be announced at the start of the competition.

Judges will evaluate each dog and bitch assigning points to attributes based on the AKC Standard. These points will be combined to determine the Judge's Choice Award. Spectators will also have an opportunity to participate by casting their vote for the People's Choice Award.

We are offering two ways for you to participate this year. For \$50.00 you can exhibit and have an ad on your Schipperke in the catalog. If you or your dog is unable to attend but you would still like them to be represented in the catalog you can pay \$20.00 and just have the ad, if you are unable to attend annotate it in the form below and I will mail you your catalog. Please make checks payable to SCA.

All ads will be two pages, one will be a full page photo, please insure your photo is not too dark as the catalog will be black and white. The other page will be half a write up submitted by you and the other half will be a pedigree downloaded from the Bonchien website. Please limit your submissions to 150 words. Any submission over this limit will not be published and the owner will be required to make another submission that meets the guidelines. Submissions will be reviewed and edited for spelling and punctuation only. No changes will be made to content without prior permission of the owner.

Also, new this year each participant that will be exhibiting is asked to submit music that will be played while it is your Schipperke's time in the spotlight. Please let me know your music choice, if I can't get it on line I will contact you to arrange a solution or another song choice.
